## **EXAMINER'S AMENDMENT**

- An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
- *The application has been amended as follows:*
- On the first page of the specification, line 3, after, "FIELD OF THE INVENTION", please insert, "This application is a 371 of PCT/IB2005/000337 filed on 02/09/2005".

## REASONS FOR ALLOWANCE

- The following is an examiner's statement of reasons for allowance: The present invention is directed towards a method and device of processing a large still picture so as to visualize it on a display having a size smaller than the large still picture. The closest prior art, Kalevo et al. (USPAP 2001/0017942 A1), shows a similar system, in which, encoding a digital image, in which the digital image is divided into blocks, wherein a spatial prediction for a block is performed to reduce the amount of information to be transmitted, wherein at least one prediction method is defined. A classification is determined for at least one neighboring block to be predicted according to the contents of said neighboring block and a prediction method is selected for the current block on the basis of at least one said classification. However, Kalevo et al. fail to address: “for dividing the large still picture into a set of pieces, said pieces having a size substantially equal to the display size, ranking the pieces of the large still picture according to a predetermined scanning order, encoding the set of pieces using a predictive block-based compression technique according to said predetermined scanning order so as to obtain a video sequence”. This distinct feature has been added to both independent claims and renders them allowable.

- Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amir Alavi whose telephone number is 571-272-7386. The examiner can normally be reached on Mon-Friday. 8:30 am thru 5:00pm.
